Happy Easter everybody - we hope you are all keeping safe and well, and that you enjoyed a restful break over the holidays. We officially welcome Miss Gilson to the Year 6 team this term as Mrs Buesnel is now on maternity leave. We are also very excited to get up and running with Seesaw - something Mrs Buesnel worked tirelessly on before she left to help assist with home learning. 6Bu were brilliant ‘guinea pigs’ for the platform and now 6A get to enjoy it too! Please look out for your Seesaw letters and keep your 12 digit codes safe.

**English: Reading (Seesaw)**
We would like you to look through the latest copy of First News (on our website) and find an interesting article to present to your teachers. You will need to:
- Practise reading the article aloud first.
- Give us a little introduction about your article.
- Record yourself reading your article.
- Give us a summary of your thoughts about it.

**Maths: Theme Park Investigation!**
Miss Gilson has created an exciting challenge for you to sink your teeth into throughout the week which will involve you designing and running a Macbeth inspired theme park!

You will need to download the special project pack attached to this email - you will also find this on our Year 6 page on our website.

We'd love to see your pictures of your finished Theme Park when you're done! Send us a picture to the 'Proud' activity on Seesaw if you wish to share it!

**English: Time Capsule Lesson 1**
Over the next few weeks we will be posting lessons which will eventually lead up to you creating a time capsule - linked to your life during the current global Covid19 pandemic. Take your time to explore lesson 1 in the pdf attached to this email (also on our website).
- Read the checklist carefully and follow all of the steps.
- Challenge yourself with your choice of vocabulary and edit spellings where needed.
- Ensure your presentation is of the highest quality.

**Geography: (Seesaw)**
We would like you to login to our new Geography website Oddizzi.com
Login: GRO6B
Password: Grouville6B
- Choose a country in South America that you are interested in visiting one day.
- Research the country carefully - look for facts and images that interest you.
- Spend the week developing a mini presentation all about your country - how could you do this creatively so that you can share it with us on Seesaw? Remember you can upload photos, draw, record audio etc.

Mrs Buesnel would love to visit Peru one day... can investigate what she would love to see whilst there?

**Maths: Mini tasks (Seesaw)**
Every day this week there will be a new mini maths problem posted for you to solve on Seesaw.

We are looking for you to apply your reasoning and explaining skills to talk us through your thinking and evidence your ideas with the drawing tools.

**Art Task: Fun with food!**
Have you ever googled ‘food art’... you are missing out! What could you create which is both food and a snack? Send us a picture to the 'Proud' activity on Seesaw if you wish to share it!

**Live PE lessons with Joe Wickes!**
We have LOVED so many of your pictures from your Joe Wickes PE sessions... if you are enjoying these please keep going as it is a great way to stay healthy!
If you fancy a change, look at Just Dance on YouTube and see if you can learn a routine.
